

Thursday

TRAINING ON LIVE TISSUE / INTERNATIONAL ADVANCED SYMPOSIUM

LAPAROSCOPIC UROLOGICAL SURGERY

Prostatic cancer

MORNING

7.30 am Shuttle-bus Hotel Hilton - IRCAD/EITS

8.00 am Welcome to participants and Introduction

THEORETICAL SESSIONS

Anatomical reminders

Preoperative staging:

- > Ultrasonography: new aspect in its role in diagnostic and staging of localized prostatic cancer
- > Role of MRI in preoperative staging of prostatic cancer
- > Which attitude to hold in front of node extension's appreciation? (Pet scan, sentinel node, extensive lymphadenectomy?)

9.15 am **LIVE OPERATIVE DEMONSTRATIONS**

Live transmission:

Laparoscopic Radical Prostatectomy

- Trans peritoneal way
- Extra peritoneal way

12.30 am > Robotic assistance in the radical prostatectomy
• Specificities, advantages, limits

1.00 pm LUNCH AT THE INSTITUTE

AFTERNOON

2.00 pm

Option A

WORKSHOP

Typical Aspects of Laparoscopic Radical Prostatectomy

- > The choice of the access way?
Extra peritoneal – Trans peritoneal
- > Bladder neck preservation: Yes or No?
Advantages, risks
- > Neuro-vascular bundles dissection:
 - Spaces of Dissection
 - Types of Dissection:
Antegrade, retrograde, mixed
- > Uretrovesical Anastomosis:
 - Separate points
 - Running suture
- > Laparoscopic radical prostatectomy for locally advanced prostatic cancer
 - Place of neo-adjuvant treatments?
 - Technical principles

Option B

TRAINING ON LIVE TISSUE

- > Pelvic Surgery
- > Ureterolysis
- > Bladder and Ureteral Dissection
- > Vesiculo Prostatectomy
- > Vesiculo Ureteral Anastomosis

5.30 pm **CONCLUSIONS**

6.00 pm END OF THE COURSE - *Option A and B*
Shuttle-bus IRCAD/EITS - Hotel Hilton

Friday

TRAINING ON LIVE TISSUE / INTERNATIONAL ADVANCED SYMPOSIUM

Bladder Cancer

MORNING

- 7.30 am Shuttle-bus Hotel Hilton - IRCAD/EITS
- 1. BLADDER CANCER IN MALE**
- 8.00 am **INTRODUCTION**
- 8.15 am **ANATOMICAL REMINDERS**
- 9.00 am **LIVE OPERATIVE OR PRE-RECORDED DEMONSTRATIONS:**
- > Laparoscopic radical prostatesctomy and bladder reconstruction
 - > Operative techniques
- 10.30 am **BREAK**
- 11.00 am **TECHNICAL ASPECTS:**
- > Technical Specificities:
 - Tips and tricks for laparoscopic radical prostatesctomy
 - > Neuro vascular bundles preservation: How to do it?
 - > Neo bladder reconstruction:
 - Open surgery or laparoscopy?
 - > Bricker derivation:
 - Open surgery or Laparoscopy?
- 1.00 pm **LUNCH AT THE INSTITUTE**

AFTERNOON

- 2. BLADDER CANCER IN FEMALE**
- 2.00 pm **INTRODUCTION**
ANATOMICAL REMINDERS AND TECHNICAL PRINCIPLES
- 2.30 pm **PRE-RECORDED LIVE:**
- > Laparoscopic cystectomy in female
- 4.00 pm **TECHNICAL ASPECTS:**
- > Cystectomy and hysterectomy (pelvectomy)
 - > Neo bladder reconstruction:
 - Open surgery or laparoscopy?
- 5.30 pm **CONCLUSIONS**
- 5.45 pm Shuttle-bus IRCAD/EITS - Hotel Hilton
- 8.00 pm Shuttle-bus Hotel Hilton - Restaurant
- 11.00 pm Shuttle-bus Restaurant - Hotel Hilton

Saturday

TRAINING ON LIVE TISSUE / INTERNATIONAL ADVANCED SYMPOSIUM

University post-graduate courses for laparoscopic surgery

Highlights

MORNING

PLENARY SESSIONS

8.00 am Shuttle-bus Hotel Hilton - IRCAD/EITS

8.30 am **INTRODUCTION**

8.45 am **LAPAROSCOPIC RADICAL PROSTATECTOMY**

Highlights

10.30 am **BREAK**

11.00 am **LAPAROSCOPIC CYSTECTOMY**

Highlights

1.00 pm **CONCLUSION OF THE COURSE
END OF THE COURSE**

1.15 pm **LUNCH AT THE INSTITUTE**
